

Huge Rebates?

[HAVE YOU GONE MADGE?]

[S E E F O R Y O U R S E L F]

It's a Madge, Madge World of Rebates!

Rebates up to **\$500** on
Madge PCI and PCMCIA
Token Ring Adapters!

The Madge Smart 16/4 PCI Ringnode™ is a truly universal solution for client and server PC applications. It is a cost-effective, high-performance Token Ring adapter, designed for the latest generation of 32-bit PCs. It delivers new levels of installation simplicity and ease-of-use for power users. Unlike comparable cards, Madge's Smart PCI offers complete support of all popular combinations of operating system and PC platforms.

The Madge Smart 16/4 PCMCIA Ringnode™ is ideal for laptop and notebook users requiring direct network connectivity. Offering ultimate performance, the Madge Smart 16/4 PCMCIA Ringnode delivers the most complete Token Ring solution for mobile users. The adapter also features an extremely robust LAN cable connector, helping minimize support costs.
